Premium Scientific Fog Machine Fluid & Scent Manufacturing Company

FOG FLUID >>>> QUICK DISSIPATING FOG

Higher density than traditional quick-dissipating fog fluid with lightning-quick dissipation. Leaving behind clear, haze-free air.

DISAPPEARING ACT

This CO2-mimicking fog is great for when you want good density, with lightning quick dissipation and no haze!

55 gal 1 at 1 aal

VANISHING POINT

Quick dissipation with a little extra density. Best for indoor scenes where a heavier fog is desired, but haze or residue is not!

GROUND HUGGER INDOOR

Lets you dance on a cloud! Designed for indoor low-lying scenes, lies low 'til it disappears into clean air!

LOW-LYING FOG KEVEN A fog chiller or cooled fog machine is required for low-lying effect.

GROUND HUGGER OUTDOOR

Creates a spooky, ground coating fog! Generates a high density, lowlying fog that dissipates before it rises to high. Lies long and low, best for outdoor scenes.

1 at | 1 gal | 55 gal

FOG FLUID >>>> ATMOSPHERIC EFFECT FOG

Produces an evenly dispersed atmospheric haze for stunning effect while also enhancing your lighting efforts and optimal visual clarity. *Certified for use in haze machines*

WHITEOUT

Best for outdoor scenes where extremedensity, super long-lasting fog is desired, or for a super long lasting dense haze for your hazer!

1 qt | 1 gal | 55 gal

PHOTONIC

Fog or haze machine, this fluid makes those light beams pop! Gives that thick, smoky bar look, or a creepy quagmire of lasers!

THE STANDARD

A great medium-density, standard hang-time fog for any activity, or a light haze in your hazer!

KFOG SCENTS

CUSTOM SCENTS

Did you have something else in mind to complete your fog experience? Let us know! We can make a custom scent just for you! Perhaps something floral, or maybe a little gross? Yep, we can do it all!

CUSTOM DEVELOPMENT >>>>

Sometimes you have a need that's unique to you. Perhaps it's a fog fluid with an uncommonly long hang time, or maybe a fog scent no one else could ever possibly want. Even if the fog products you are currently using are almost there, why settle for "almost"? The benefits of Professor Mysterious' product development and production lab are yours for the asking. We can create formulations of fog liquid with all degrees of density, dissipation speed, and ingredient requirements. Additionally, Professor Mysterious can produce virtually any scent of fog you can imagine, from mouth-watering BBQ to gut-wrenching odors and everything in-between!

Our custom development and dispensing doesn't stop with custom fog fluid or scents, either: if you need any liquids combined precisely and dispensed into any sized container, Professor Mysterious' labs can do it for you. We are experienced in getting products to market quickly, and can dispense in sizes from 1 ml bottles to 150 ml bottles, from 55 gallon drums to 275 gallon IBC totes. Our production area is spacious, and our dispensing areas are flexible and scalable. Make use of our next-generation logistics solutions, and get your custom liquid products quickly and easily. Reorders can even be made online!

Professor Mysterious is a fog fluid & scent manufacturing company that is dedicated to providing customers with the fluid products they need to make their venue & events everything they imagined. Your venue will come to life with our selection of several types of fog fluid and fog scents to really bring your attendees into the moment.

Professor Mysterious has cooked up a variety of fog fluid to sate your needs whatever they might be! Whether you're looking for a fog machine fluid with a nearly-eternal hang time, or fog fluid that dissipates to a haze almost immediately, we have a formulation for you.

Don't be limited by the smell of odious reality: let Professor Mysterious transport you to another time and place entirely with our selection of fog fluid scents! Specially formulated to work perfectly with our fog machine fluid, but entirely compatible with virtually any fog fluid on the market, our fog scents can turn an ordinary event into an extraordinary experience.
